Privacy policy of web pages of Port of Kemi Ltd.

- concerns the internet pages www.keminsatama.fi and www.portofkemi.fi

Personal data

All data which enables a person to be identified or individualised is personal data. Personal data register may contain e.g. name, address, social security number and user's location data.

The purpose of the register and use of data

Port Of Kemi Ltd. processes personal data collected via website to improve customer service as well as to process access-, hot work- and ATEX work permits. The processing of personal data is based on the permission given by the user specifically for this purpose. Personal data is processed appropriately in accordance with personal data rules and legislations.

Data collected in the register

The register contains personal data which customers or partners of Port of Kemi have willingly provided by Port of Kemi web sites, web forms, social media or by other means. Mainly, the register contains company information, names, addresses, telephone numbers, email addresses and invoicing information of customers and partners as well as information required for applying an access permit.

On the website, Port of Kemi uses website analytics (Google Analytics) with which unanimous data of visit, such as pages viewed, links clicked and devices used to view the site, is collected. The purpose of collecting this data is to improve the contents and usability of the site.

On the website, Port of Kemi uses also cookies to collect data of visitor traffic statistics, e.g. actions taken on the website and website visits. Cookies are user-specific, but the user cannot be identified based on them.

The website can include links and connections to third party websites and social extensions (e.g. Facebook, YouTube plug-ins) which can transmit identifiable data to the service provider. The Terms of Use and other conditions of the third party apply in such third-party websites and plug-ins.

Data sources

Data collected is mainly received from customers on their consent.

Data disclosures

Personal data is not disclosed nor transferred outside the Port of Kemi, EU or EEA. Single message, application or feedback can be assigned to an employee of Port of Kemi whose expertise is required or to whom it is addressed. Data can be disclosed to authorities if a request is based on national or EU laws.

Deletion of the data

Personal data is stored as long as needed to fulfil the purpose of the processing of personal data as defined in the Privacy Policy, subject to limitations imposed by legislation.

Protection of the data

The register is utilised and the data processed in accordance with the data protection legislation.

The data is stored on servers with a restricted access to the persons that have a legitimate reason to handle the data. To process the data on a database, a personal identification is required. The databases are protected by firewalls, passwords and other technical means against data breaches.

A back up copy of the databases is taken regularly.

Rights of the registered

According to the EU General Data Protection Regulation 679/2016, the registered has the right to gain access to the data collected to examine, complete, correct or delete as well as limit the processing of personal data concerning the registered person.

The processing of data is based on the consent given by the data subject who has the right to withdraw the consent at any time and ask for the deletion of that data. Upon written request of the data subject, the controller corrects, completes and performs other requested measures regarding the content of the register.
